

I enjoy listening to KLOVE in my area. It is good clean music that is free of advertisements which I very much appreciate. I would rather help support a station than have to listen to the commercials. I think that it is in the public's best interest to keep KLOVE because it is a clean alternative to some of the degrading stuff that is played and said on other stations. I believe that KLOVE is truly out there to help people. What other radio station can you call if you have problems and need to talk to someone or get prayer? What a comfort in today's upheaval. Thank you for your time. Sharon Johnson
